

## Permanent Sprinklers

Watering Made Easy sprinkler stations (\$40 each) are permanent and easy to install, and they save you the work of placing and adjusting sprinkler heads. After burying the sprinkler system, simply connect a standard garden hose. The water pressure causes the sprinklers to pop up and spray water over the areas you've selected. **THOMAS MORRELL, MOBILE, AL:** "Not only was the system easy to install, it did a great job watering the lawn without my having to move it."

## Knife Blade

The Rapid Edge serrated utility knife blade (\$2.49 for a five pack) is designed with a unique serration pattern that incorporates three to five cutting surfaces (compared with the single cutting surface of conventional knife blades). This configuration allows the blade to stay sharp longer and cut more evenly. Rapid Tools, 800-859-9759, [www.rapidtools.net](http://www.rapidtools.net)

**RUSSELL COLLEY, OCEAN CITY, MD:** "I highly recommend the Rapid Edge. After three days of rigorous use, it still cut like a brand new blade."

**EDWARD RICKARDS, DOVER, DE:** "I used the blades on paneling, floor tile and wood molding, and they held their edge better than traditional blades."

## Auto Detail Cloth

The Starfiber Auto Cloth (\$11) is a waffle-weave fabric designed for better absorption than other towels. Because you can dry your car without wringing the cloth, drying time is significantly reduced. This towel can be used on vehicles' interiors and exteriors, and it leaves surfaces lint- and streak-free. It also removes wax quickly and easily. Aquastar Inc., 866-782-7342, [www.starfibers.com](http://www.starfibers.com)

**MICHAEL ZAKRZEWSKI, PARLIN, NJ:** "The Starfiber Auto Cloth absorbed far better than any chamois I've used and left no streaks."

**STEVE MCCANN, RUTHERFORDTON, NC:** "This is an excellent product, and it performed as stated. I dried an entire car without having to wring the cloth."

## Vent Cleaner

The Gardus LintEater (\$40) system safely removes lint from dryer traps and the entire venting system and keeps air flowing. The kit contains a rotary brush that attaches to flexible rods, which navigate the twists and turns of any dryer vent system to eliminate lint buildup. Gardus Inc., 888-985-0208, [www.lint eater.com](http://www.lint eater.com)

**STEVEN OLSON, IDAHO FALLS, ID:** "I was amazed at how much lint had collected in my dryer vent hose. The brush cleaned it out and worked well even around corners."

**JERRY BEITLER, NEW HAVEN, IN:** "This was the best method to clean our dryer ducts that I've tried. It was easy to use and did the job well."
